

# INDEPENDENCE MADE EASY 0800 530 0025

The Sherwood Stairlift has a slimline fold-away design which saves space and allows full access to the staircase

The swivel seat means no twisting of the body when getting on or off the Sherwood Stairlift

Here at Direct Stairlifts, we understand the difficulties that reduced mobility can bring; this is why we have created safe, simple and comfortable solutions to making long and painful trips up and down the stairs a thing of the past.

The Sherwood Stairlift has helped thousands of people regain access to their entire home, and has been designed to adapt to practically any staircase.

Direct Stairlifts ensure the highest standards in design, comfort, engineering and safety, and you'll be amazed by how effortlessly our stairlifts can be operated.

The Sherwood Stairlift is controlled by a single touch.

All our stairlifts have also been designed to be as slim as possible. The fold-away design will enable you and your family to use the stairs as normal. Where safety features are concerned, our stairlifts have both electronic and manual brakes, giving you complete peace of mind, and numerous safety edges ensure that the stairlift will stop immediately if an obstruction is encountered on the staircase.

The near-silent motion of The Sherwood Stairlift guarantees a quiet, smooth ride. Our 'soft start and stop' technology also ensures your travel is free from any sudden jerks or jolts while you effortlessly move up and down the stairs.

The Sherwood Stairlift

## 24 HOUR INSTALLATION

*Please call for  
details and  
availability*

Every Sherwood Stairlift is tested to ensure it reaches the highest safety specifications, and is powered by a maintenance free battery pack, which ensures the stairlift will work in the event of a power-cut.

The Sherwood Stairlift also features an onboard digital display panel that highlights the status of the stairlift and makes you aware of any pending issues before they arise.

Once you've chosen your Sherwood Stairlift, our highly trained installers will not only fit the lift into your home, they will also rigorously test it to ensure perfect installation. Once this is complete, our installers will demonstrate the stairlift to you and answer any questions that you may have.

Your truly exceptional experience with Direct Stairlifts will not end once your stairlift has been installed. Our unrivalled customer service and continuous support is just a phone call away.

The unique modular curved rail system of The Sherwood Stairlift dramatically reduces installation time

The unique modular curved rail system of The Sherwood Stairlift

Easy to use controls are operated by the lightest of touch, even by those with limited dexterity

The on-board diagnostic digital display informs the user of the status of the stairlift at all times

Multiple Safety edges ensure that the stairlift will stop immediately if an obstruction is encountered on the staircase

# A WEALTH OF FEATURES FOR YOUR BENEFIT

# TOTAL EXPERTISE FROM DIRECT STAIRLIFTS

- 1 The directional switch is operated by the lightest touch, even by those with limited dexterity.
- 2 The arms, footrest and seat fold away to allow easy access to the stairway.
- 3 A safety belt is included for added security.
- 4 A padded seat ensures that The Sherwood Stairlift gives the most comfortable ride available.
- 5 The swivel seat allows the user to safely board and leave the lift without the need for twisting the body.
- 6 A diagnostic digital display informs the user of the status of the lift.
- 7 The Sherwood Stairlift fixes quickly and easily to your staircase, so there's no mess, and no need for any repairs.
- 8 Safety sensors on the footrest and carriage stop the lift automatically if any obstruction is encountered on the stairs.
- 9 Remote controls allow users to 'call' or 'send' the lift up and down the staircase.
